

# SAMPLE Plant Submittal

## Standard Semi-Intensive (6")

### Irrigation suggested

WESTON recommends the following plants be used in the 6" semi-intensive GreenGrid® system where additional color and texture beyond that which can be achieved with sedums is desired. Each plant has been selected based on its past performance while taking site conditions such as mostly sunny, irrigated, 6" depth, and high visibility into consideration. Selecting plants that have been proven reliable in the Northeast adds value to your project by reducing the risk of plant loss.

<p>Sedum sexangulare</p>		<p>Allium cernuum</p>	
<p>Sedum album</p>		<p>Allium schoenoprasum</p>	
<p>Sedum Autumn Joy</p>		<p>Dianthus deltoides 'Brillant'</p>
