BounceBack®

Playground Safety Surfacing

DESIGNED FOR GREATER
COLOR SELECTION AND
LONGER LASTING MORE
VIBRANT COLORS

BENEFITS

- "TOPPED" DESIGN OFFERING COLORED RUBBER OR EPDM VIBRANT COLORS
- ASTM TESTED BY AN INDEPENDENT LABORATORY
- IPEMA CERTIFIED UP TO 10' FALL HEIGHT
- SOLID SURFACE IS MORE HYGENIC THAN LOOSE FILL
- ADA APPROVED WHEELCHAIR ACCESS EDGES AND RAMPS AVAILABLE
- WATER PERMEABLE TO ELIMINATE POOLING
- CERTIFIED LEAD / PHTHALATE FREE
- 10 YEAR WARRANTY

RB Bounce Back® playground safety surface is a shock-absorbing, resilient rubber tile that provides long-term answers to playground safety and features ADA accessibility.

Each year over 200,000 children are injured on unsuitable playing surfaces. That’s over 22 children per hour or 548 injuries per day! Of those injuries, the majority are sustained by falls from equipment to the surface. This is where **RB Bounce Back**® playground surfaces will help.

RB Bounce Back® tiles meet the Consumer Product Safety Commission (CPSC) and Americans with Disability Act (ADA) requirements tested by Independent Laboratories. All **RB Bounce Back**® tiles meet the Head Injury Criteria (HIC) tests for applicable fall heights and are certified by IPEMA. **RB Bounce Back**® meets requirements of 16 CFR under the Consumer Product Safety Commission. All products comply with CPSIA standards for phthalate free content.

RB Bounce Back® tiles have been designed so that water does not puddle on the surface but moves quickly through the top so the play area is ready for use soon after a heavy rain. Unlike loose-fill surfaces, contaminates or other harmful objects cannot be hidden or buried. Solid surface tiles mean there is no loose-fill material for children to kick, throw or swallow. Maintenance personnel will appreciate **RB Bounce Back**® tiles and the reduction of material tracked inside buildings or brought in on clothing.

TYPICAL PROPERTIES

MATERIAL	SBR granular black recycled rubber and custom formulated polyurethane binder
SIZE	24" X 24" Tiles
THICKNESS	1 3/4" (3' fall protection) 2 1/4" (4' fall protection) 2 1/2" (6' fall protection) 3 1/2" (8' fall protection) 4" (10' fall protection)
ORIGIN	Made in the USA
FALL HEIGHT CRITERIA	ASTM F-1292-99 Up to 10' HIC
HEAVY METAL	ASTM F-963-7 Pass - Meets all CPSE requirements

PEACE OF MIND MEETS ASTM F1292 FOR FALL ZONES UP TO 10' HIGH THROUGH INDEPENDENT LABORATORY TESTING.

VIRTUALLY MAINTENANCE FREE No REGULAR MAINTENANCE REQUIRED TO MAINTAIN SAFETY STANDARDS MEANS LOWER COST, LESS HASSLE.

24 - 7 - 365 PROPER SAFETY AND PROTECTION 24 HOURS A DAY, 7 DAYS A WEEK, 365 DAYS A YEAR. DESIGNED FOR CONTINUOUS USE EVEN DURING HEAVY RAIN. WATER DOES NOT PUDDLE BUT RATHER MOVES QUICKLY THROUGH THE SURFACE LAYERS, SO THE PLAY AREA IS READY FOR USE SOON AFTER THE RAIN.

24" X 24" VIBRANT COLOR TILES SOLID TOP OPTIONS INCLUDE BLACK, CAYENNE RED, CASCADE GREEN, AND DENIM BLUE. A VARIETY OF COLOR EPDM OPTIONS ARE ALSO AVAILABLE.

EASY TO INSTALL SIMPLE AND ECONOMICAL INSTALLATION. AVAILABLE IN 3'-10' HIC RATINGS.
